

CQG Data Factory™

Accurate. Complete. Powerful.

Fast, Secure Delivery

CQG offers the industry's cleanest market data from over one-hundred exchanges worldwide. CQG's Data Quality group monitors the data twenty-four hours a day. Customers can access over twenty years of end-of-day market data and over seven years of intraday data, including:

- Price and volume data from more than sixty exchanges worldwide
- Time & Sales data (tick-by-tick, including bid/ask and settle)
- Intraday bar data (1-240 minute intervals)
- Daily bar data (open, high, low, and last)
- Daily volume and open interest data
- Trade volume with bid/ask size data

Additional data going back to the 1930s is also available.

Do you need it? We have it.

CQG offers these data categories:

- Futures (financial and commodities)
- Cash (commodities, currencies, and equity indices)
- Depth of Market
- Equities
- Treasuries

CQG Data Factory is online!

Access CQG's historical data at <https://www.cqgdatafactory.com>.

The screenshot shows the CQG Data Factory website interface. At the top, there is a navigation bar with links for Home, Shop Now, Pricing, Features & Markets, and Support. A search bar and a sign-in button are also visible. Below the navigation bar, there is a breadcrumb trail: ① Select Symbols → ② Date Range & Data Type → ③ Format & Pricing → ④ Checkout. The main content area is titled "Symbol Search" and contains a table of search results. The table has columns for Exchange, CQG Symbol, Exchange, Title, Exch.Symbol, and Category. The first row is selected, showing "Chicago Board of Trade" for the exchange, "F.US.BO" for the symbol, "Chicago Board of Trade" for the exchange, "Soybean Oil-Day Pit" for the title, "BO" for the exchange symbol, and "Futures" for the category. A tooltip is visible over the "F.US.BO" symbol, providing details about the data availability: "Daily data available: from 03/04/1968 to 05/28/2008", "Intraday data available: from 10/13/1998 to 05/28/2008", and "Ticks with volumes available: from 01/01/2001 to 05/28/2008". Below the search results, there is a "My List" section with a table of selected symbols, including "X.US.IUSDJPY", "F.US.CL", "X.US.AUDUSD", and "F.US.EP".

CQG's Data Factory offers decades of CQG historical data online, from 1998 to the present. Traders can access data from as far back as 1987 by contacting CQG.
