

Economic Release Bullets from Need to Know News

Access real-time economic releases through an elementized news data feed.

CQG offers Need to Know News Economic Release Bullets, an elementized news data feed that delivers US, UK, German, and Canadian economic releases as data. The data can be charted, viewed in a quote display, accessed via the CQG API for use in external applications, and more.

Benefits:

- Avoid point-and-click trading delays by viewing the Need to Know News Economic Release Bullets in a quote display instead of a scrolling headline display.
- Access the news data for your external applications through the CQG Integrated Client API.
- Use the economic release data for event-driven trading with CQG Integrated Client Alerts or your external applications.

Features:

- Fast delivery of economic release data.
- Actual, estimates, and revisions that are quoted.
- Historical data that can be charted, analyzed, and backtested.
